III	Brass, coloring, black,	89
III	Brass, dipping,	72
III	Bosses, molding, on Castings,	32
III	*Brass Founder and Finisher,* 9, 52, 56, 72,	73
I	Brass Melting,	35
III	Brass on Iron, burning,	44
III	Breast for Cupola,	38
III	Buchanan, J. F.: Burning Brass on Iron,	44
III	Buchanan, Geo.: Skin dried Molds,	72
III	Buchanan, R. H.: Crane Service for the Foundry,	63
III	Buchanan, R. H.: Cupola Practice,	85
III	Buchanan, R. H.: Machine and Hand Molding,	79
III	Buchanan, R. H.: Specifications for Coke, Iron and Sand,	79
III	Buchanan, R. H.: Test Bars,	23
III	Burning Brass on Iron,	44
III	Carbide of Silicon for Foundry Use,	71
II	Carbon, Combined, Methods of Determining,	199
I	Carbon in Cast Iron,	63
I	Carbon in the Cupola Process,	53
I	Carbon in Steel,	62
II	Carbon, total, Methods of Determining,	183
II	Carpenter, H. A.: Address of Welcome,	5
III	Carr, W. M.: Treatment of Steel Castings,	21
III	Car Wheels, Cast Iron,	21
III	Car Wheels, chilled Cast Iron,	20
III	Car Wheels, the alleged Decadence of,	7
III	*Cassier's Magazine,*	39
III	Castings, annealing white,	77
III	Casting Pipe in Germany,	14
II	Castings, steel, standard Specifications for,	33
III	Castings, Weight of,	52
I	Cast Iron,	61
II	Cast Iron, Committee on standard Specifications on	201
III	Cast Iron, Compression of,	27
III	Cast Iron, Effect of Variations of Constituents in,	45
III	Cast Iron for Superheaters,	48
II	Cast Iron, Heat Treatment for,	90
I	Cast Iron, Malleable,	101

III	Casting Iron on Steel Shafts,	58
III	Cast Iron sectional Steam Boilers,	76
III	Cast Steel, Compression of,	27
III	Cellini as a Foundryman,	55
III	Chemistry and Cupola practice,	43
II	Chemists and Metallurgists, Foundry, Section for,	63
III	Chilled surfaces, Streaks on,	76
III	Chilled Rolls, breaking of,	14
III	Chills, Treatment of,	28
III	Coke,	47
III	Coloring Brass black,	89
I	Column, Core for,	21
II	Combined Carbon, Methods for determining,	199
II	Committee on standard Specifications for Cast Iron,	201
III	Compression of Iron and Steel Castings,	27
I	Conditions, Shop,	15
II	Conlin, F.: Insuring Patterns,	36
III	Continuous Annealing,	46
III	Contraction Test,	50
II	Contraction Test for Metals,	91
II	Convention Entertainment, 3, 43, 44, 52,	54
II	Convention of the American Foundrymen's Ass'n in Boston,	3
III	Copper, Iron in,	72
I	Cores and Core Arbors,	17
III	Cost Keeping,	46
III	Cost Keeping, Foundry,	18
I	Costs, Foundry,	43
III	Costs, Foundry,	49
III	Cost System,	47
III	Crane Service for the Foundry,	63
III	Cupolas, new Method of lining,	64
